PROFILE

UX Leadership at the Intersection of Design, Quality & Agentic AI

Results-driven UX Lead & QA professional with a **rare blend** of user empathy and engineering rigor — translating research into pixel-perfect prototypes and zero-defect test pipelines. Delivered high-impact experiences for Snapchat, Microsoft, and Bet365— now paired with agentic AI tooling to streamline design-to-delivery cycles without sacrificing rigor.

WORK EXPERIENCE

UX LEAD · Paperlite.io · Pune, In

Feb 2026 – July 2026

- Heuristic evaluations, usability audits & design workshops embedded directly in agile sprints.
- Implemented design system** with reusable components & design tokens; scaled cross-product consistency without redundancy by implementing closed feedback loops
- Conducted extensive UX research, Analytics, and quality validation to deliver Most Delightful Product (MDP) driving **NPS, CSAT** and **Digital Experience Scores (DEX)**
- Worked directly under **W3C accessibility contributors**

UX / QA LEAD · Testlio · Remote, In

Sep 2019 – Feb 2026

- Led UX for Payments, Camera & PDP/PLP across Snapchat, Microsoft SharePoint, and Bet365 — driving measurable conversion lift and conducting **UX Governance** based on **Industry trends**
- Built a cross-product design system; Selenium-paired usability testing lifted product quality 40%
- Owned the UI test automation framework; drove **user-centred practice** into daily Scrum ceremonies
- Designed structured usability & exploratory test plans to uncover critical UX friction points
- Embedded agentic AI (Claude Design, Figma Make, Cursor IDE) into the design-to-dev pipeline

UX Analyst · Bajaj Motors · Pune, In

Jan 2019 – Aug 2019

- Wireframe-to-hi-fi prototypes from primary research — 95% task success, 10% fewer usability errors
- Accessibility-first** test plans aligned to business objectives across all client engagements
- Designed intuitive application interfaces and content strategies, reducing friction across multiple touchpoints, directly contributing to a measurable conversion lift in core business flows.
- Collaborated with stakeholders to align design solutions with business objectives and quality standards

SQA Associate · Expleo Group · Pune, In

June 2014 – Jan 2019

- Executed functionality and unit testing for award-winning narrative games from Warner Bros., 505 Games, Ubisoft, Pocket Gems etc.
- Ensured seamless user experience across iOS and Android for thousands of concurrent players
- Conducted functionality, localization, and internationalization testing across multiple markets
- Tested critical payment processing, live betting, and real-time odds update features
